I am against the National Popular Vote Compact. Do not change the voting procedures as the historically been. We have a system that works and there is no reason to tinker with it. The on that want it to change the system are those who believe it will give them an unfair advantage c system that works. Vote No on the National Popular Vote Compact.

Those that choose to vote for the National Popular Vote Compact will be remembered at the n election.

I am asking that you enter my e-mail into the record
